If it hurts others, isn't it just possible?

Catch the drift, don't you?

In fact after having studied the matter a bit it will come plain that if you are a coffee-drinker the chances are that some form of incipient or perhaps fixed organic disease due to coffee has set in-constipation, rheumatism, eve trouble, nervous headaches, nervous prostration or others of the well-proven coffee ills. One can decine to look the thing squarely in the face and peg along with the

to swap health and a clear, business-like head for a few cups of coffee each day.

Every coffee toper tries to wiggle round and charge his aches and ails to weather, overwork, too much or too little food, this, that or the other thing, but how he hates to admit that the real enemy is his Master, coffee.

A Sure Personal Test

Will locate the exact cause of your steady destruction of health, if that cause be coffee. It's worth knowing the plain, sober fact before fixed organic, heart or other dis-

ease sets in, which perhaps cannot be cured. The test is pleasant, accurate and satisfying.
